

INFORMATION FROM BATTLE TOWN CARD INDEX

The card index was started by Kenneth Clark, assisted by Herbert Newbery and Mrs Gladys Young. It covers the High Street, Mount Street, Upper and Lower Lake, that is, mainly the conservation area. It was intended to be a record of alterations to buildings and changes of occupancy. The main sources of reference were the photocopies of directories of Battle kept in the local county library. These were available for 1910-1938 and the index is noted as almost complete for this period. Prior to that occasional lists for the mid 1880s and one for 1797 were consulted. During the 1914-1918 war lists of residents were still compiled. No information was published from 1939-48. The original aim was to have a complete record for the twentieth century.

Headline findings were noted as:

- Women in the early twentieth century followed expected occupations: Misses Schnorr ran refreshment rooms; Miss Shuckford a school; Miss Charlotte Dobell a basket maker and confectioner; Mrs Jeffrey and the Misses Pepper dressmakers.
- Noted names: Edward Cruse in 1903 was secretary to the Battle Gas Co. and also Battle Abbey Estate Clerk; Ticehursts were Registrars, Clerks to the Guardians and Rural District Council; the Sheppards held offices such as Clerk to the Magistrates and Coroner for the Rape of Hastings.

No. 6 High Street was rebuilt in the 1920s; no 36 was re-built in the 1930s, no.75 was rebuilt after being flattened in WW2.

76 & 77 High Street	1833-1902	Francis William Ticehurst, Stationer, newsagent and Deputy Superintendent Registrar.	The Ticehurst family in Battle traces back to Joseph, born about 1660. Thomas lived in Almonry Farm in 1692. Thomas' grandson William (1767-1852) had thirteen children and was High Constable, Postmaster, Chairman of the Board of Guardians and Parish Clerk as well as being a land surveyor and in 1806 master of the Langton School. He is buried just South East of the tower in the parish church. William Ticehurst's son Francis was born at The Old House in 1811. In 1833 he bought 76/77 High Street and lived there for 70 years. Like his father he was a man of many parts. Besides printing he farmed some of the Barrack Farm lands and ran a coal business. He was also at different times Deputy Superintendent Registrar, Clerk to the Guardians and Postmaster. In 1834 he was one of the escort which accompanied Princess Victoria and the Duchess of Kent to St Leonards. In 1870 he was associated with a small company to work the gypsum which had just been found at Mountfield. Frederick Gorham Ticehurst was the son of Francis William Ticehurst. He was an Artist, Photographer, and practical electrician. He was also Clerk to the Board of Guardians, and Rural District Council as well as Registrar and Churchwarden. He was a founder member of the Institute of Electrical Engineers and as early as the 1880s he installed electric light and telephone communications in the family home and offices. He also made weather recording apparatus and electric clocks.
